HICKMAN LOSES ONE.

In one of the most exciting games of the season Paducah Red Sox defeated the locals Sunday afternoon 8 to 7.

Our boys tried hard to stage a rally in the ninth inning as they needed one run to tie the score.

Cherry in the box for the locals deserved to win as he pitched a much better game than his opponent.

Errors of omission as well as commission lost the game.

The batting of the locals was the feature, having collected 11 hits, some of these being for extra bases.

CALOMEL DYNAMITES A SLUGGISH LIVER.

Crashes Into Soor Bile, Making You Sick And You Lose A Day's Work.

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel come into contact with sour bile it crashes into it, causing cramping nausea.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a 50 cent bottle of Dodson's Liver-Tone, which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

If you take calomel today you'll be sick and nauseated tomorrow; besides, it may salivate you, while if you take Dodson's Liver-Tone you will wake up feeling great, full of ambition and ready for work or play. It is harmless, pleasant and safe to give to children; they like it. Ad.

The Mengel Box Company's employees are doing a commendable thing in oiling and draining the pounds and bar pits in the west end of town. These stagnant pools are veritable mosquito hatchingeries — and mosquitoes and flies carry deadly germs. We must wake up to the necessity of ridding the community of filth and stagnant water, or our death rate, which has reached alarming proportions during the past thirty days, will increase. The city authorities should join the crusade started by the Mengel employees.

TOM SELF INJURED IN RUNAWAY SATURDAY.

W. T. ((Tom)) Self, a well known farmer residing three miles south of town, was seriously injured Saturday afternoon when his horse took fright and ran away, throwing Mr. Self from the buggy, and overturning the vehicle.

Dr. J. M. Hubbard happened to be nearby and rendered medical assistance. He found Mr. Self had two ribs broken, two ugly gashes on his head and several bruises. His injuries will lay Mr. Self up for several days.

Mr. Self has our sympathy in his recent misfortune. Only a short time before he started home and set with the accident, he dropped a this office for a social chat, et al incidentally told us he had his all kinds of bad luck for the past two years; having, in that time, lost about ten head of horses and experienced next to a crop failure one year. Here's hoping this is the last installment of his misfortune.
